

Annual college bridge programme-Ansal university - Consent form

We would like you to confirm your son/daughter's participation in our second **Annual College Bridge Programme which is scheduled from July 8 to July 12, 2019, at the Ansal University Technology campus in Gurugram.**

We request you to give your **consent** for your son/daughter's participation in the programme by clicking on this link <https://forms.gle/yDuAkBuXXyaSY8zh6>

The total expense for the programme amounts to Rs. 6,500. This includes the programme fee, the cost of materials, breakfast, lunch and an evening snack for students.

Like last year, students of year group 7-12 of Ardee New Friends Colony, Gurugram and Goa will explore a career path together in technology which will help them make an informed choice for higher studies such as:

- B.Sc. Honours
- Web development courses,
- Computer programming degrees,
- Cloud computing courses,
- Computer animation
- Artificial intelligence degrees

This programme is specially curated by Ansal University for The Ardee School students. It will be led by eminent professors of the university and will give the students a glimpse of life at the university.

Furthermore, it will teach students the application of technology in any career they may choose to follow and emerge as problem solvers. It shall prepare students to enter work life in the next 10 years. In addition, the programme works as an exchange between students of the three Ardee Schools and helps the students form a lifelong bond which continues over the school years through group projects and Ed talks. The certificate given by Ansal University at the end of the programme will also help build a student's profile for college applications.

Kindly note that the academic session for year groups 7-12 starts on July 8. The programme is part of the curriculum and hence compulsory to attend. Day wise details will follow.
